

Consultant

STRENGTHENING SYSTEMS
FOR BETTER HEALTH

- **Vacancy for:** 1
- **Posted on:** Oct. 8, 2018
- **Deadline:** Oct. 20, 2018, 11:55 p.m.

USAID's Strengthening Systems for Better Health Activity is a five-year program (January, 2018 – January 2023) designed to support the government of Nepal in their efforts to improve health outcomes, particularly for the country's most marginalized and disadvantaged groups. The project will improve access to and utilization of quality maternal, child, and reproductive health services, with specific focus on newborn care.

We are seeking Expressions of Interest from qualified consultants or firms to provide technical services for development of a database and data management system for storing, compiling and analyzing routine project monitoring information. The database will have additional features which are described in detailed Statement of Work.

House No 2715, Narayan Gopal Marg, Maharajgunj (next to DI Skin Hospital), Kathmandu, Nepal (**Tel # 4720577/ 4720365**)

The Statement of Work and RFQ will only be shared with individuals or firms determined to be qualified to carry out the work.

The deadline for receipt of Expressions of Interest is **17:00 NPT, October 15, 2018.**

Applying Procedure

Interested parties may collect electronic copies of the Statement of Work and a Request for Quotation (RFQ) by e-mailing an Expression of Interest, along with an up-to-date curriculum vitae (CV) or capability statement to procurement@ssbhnepal.org. Hard copies of the RFQ can be obtained from Strengthening Systems for Better Health's office:
