We are looking for an enthusiastic DevOps or Developer for the IT department, who is comfortable and skilled at working with technical people to join our team.

From the first day on you are a full member of our team and will be an integral player in our projects. We serve clients mainly in Europe providing online collaborative software solutions in a world class environment.

As a candidate, you must be:

- Great with PHP & Frameworks like Laravel
- Comfortable and interested in working with Linux servers
- A good understanding of network administration
- Solid experiences in the development of APIs.
- Fluent in working with Git/SVN workflows
- Great in written/oral English
- Open to work for the IT-Helpdesk

Bonus if you are:

- Familiar with Python or any other additional scripting language will be added advantage
- Familiar with Java
- Familiar with Jira/Confluence
- Experiences with Cloud Hosting Providers like AWS

Company Benefits:

- Friendly, competitive and creative working environment with foreign managers
- Competitive salary (Greater than market for deserving candidates)
- 5 working days in a week(10am-6:30 pm)
- Powerful Laptops that you can also carry home
- Free Lunch from a top class restaurant.
- Accidental Insurance, Medical Insurance
- Paid leave, sick leave, vacation leave, work from home facility available
- Refreshment, Recreational, team building activities (Comparatively higher than other company)
- Extra activity: Cricket, Futsal every week, Table tennis board is at the office

NOTE:

- Salary Provided Based on Experience. No bar for Deserving Candidate
- Come on board! Our Kathmandu office is based in a town in a new and modern office building providing a world-class working environment and offer you a handsome salary.
