Experience Required : More than or equal to 2 years

Job Description

The Operations Manager is responsible for streamlining all the operations processes and constantly improving on the existing mechanisms.

Key Responsibilities

- Implements order fulfillment processes which are largely uniform across countries
- Helps in the development of the operations KPIs, dashboards and reporting at Global and Country level, supports the Business Analytics team in the system implementation
- Continuously enhances efficiency of the end to end order fulfillment process
- Responsible to meet the country order fulfillment KPIs
- Manage the performance of the local operation team: (1) Facilitate management of 3PL partner relationships (2) Continuous improvement in the KPIs
- Leads the country level training for the 3PL logistics teams to suit our needs

Qualities we are looking for:

- Bachelor's degree in engineering with management experience (MBA in supply chain from top university preferred)
- A minimum of two years experience within a logistic or supply chain function
- Solid understanding of an online marketplace operations and logistics setup
- Strong analytical skills and advanced knowledge of Excel
- Data driven decision making mentality and sound business judgment through strong analytical thinking
- Ability to take initiative in a constantly-changing work environment
- Flexibility, resilience and desire to learn

What we offer you:

- An unparalleled personal and professional growth as our longer-term objective is to train the next generation of leaders for our future internet ventures
- A platform to put your creativity into action - come with new ideas, implement them and measure the impact.
- A unique experience in launching and scaling new internet concepts in Nepal
- Opportunity to work with an international team and become a part of a highly professional and dynamic team working around the world
- A unique experience at working with the best brains and sharpest minds within Nepal and on the international scene

Applying Procedure:
