Job Description

Build up Nepal is looking for a skilled Mechanical sub-engineer / technician / tradesman to work with machine repair & service for our machines.
Your job will be to repair, service and manage spare parts for all our different machines and ensure they always work smoothly.
The work is done from our workshop in Lalitpur as well as in the field, going to rural areas for repair and maintenance.

We are looking for a person with experience working in a workshop and repairing/marking machines and parts.

Your job is to:

- Organize the workshop and ensure all parts are in place
- Test and quality check machines
- Repair and service machines
- Go to rural areas for service and repair
- Supervise the workshop

Required skills:

- Machine repair / workshop experience
- Welding, cutting & drilling
- Operating Lathe machine

Motorbike and a licence is also required.

TO APPLY:

Interested and eligible candidates are requested to forward their updated CV mentioning the position applied to at info@buildupnepal.com
