Job Description

If you have a deep interest in software and its ability to impact and improve the process of governance, we are interested in talking to you. Proshore is seeking a Mid-Level PHP developer who is dedicated to their craft, writes code that they are proud of and can hit the ground running for our team. The right candidate will write maintainable, fast PHP to a high standard, and make architectural and system design decisions. We have a casual, open office environment in Tinkune. If this description and the items below seem like a potential fit we look forward to hearing from you.

Essential Functions and Responsibilities:

- Write clean, well designed and maintainable code
- A minimum of 3+ year of experience
- Experienced in PHP / HTML / XHTML / JavaScript / XML /MySQL/ AJAX etc
- Strong knowledge of JavaScript and DOM manipulations
- Knowledge of framework such as Laravel/Phalcon/CakePHP/Zend/Yii etc will be an added advantage
- Good knowledge of relational database and version control tools
- Passion for software design and coding practices
- Experience in an Agile development environment
- Relevant Bachelors degree

What makes you attractive:

- Excellent written and verbal communication skills
- Must be a good team player
- Must be a quick learner

Benefits:

- Competitive Salary
 - Dashain Bonus
 - Lunch Facility
 - Health Insurance
 - Flexible Timing
 - 5 working days
 - Career enhancement opportunities
 - Performance Bonus
 - Regular Team Building Activities and Outing
-
