Job Description

We invite you to work as a web programmer (PHP). We are engaged in the development and support of online stores, websites, services for foreign customers. We are looking for a passionate Senior Developer to join our team. We serve clients mainly in the US providing online collaborative software solutions in a world class environment. Being part of our team you will experience a fast learning curve on the topics of project management, development tools and methodologies and of course on the specification, development, and testing of online collaboration software solutions.

To apply for this role you will need to have:

- Minimum 2-year experience of web development (PHP, Javascript)
- Understanding the principles of OOP;
- Desire to write quality code;
- Knowledge of JS is welcome;
- Familiarity with any CMS, e.g. Magento (preferred), Wordpress, Joomla
- Very good oral and written English

We use:

- Yii2, Magento, WP;
- Git, Composer, Docker;
- Ubuntu, CentOS.

Company Benefits:

- Friendly, competitive and creative working environment
- Competitive salary (Greater than the market for deserving candidates)
- 5 working days in a week (9.30am-6:30 pm)

*Negotiable Salary
