Job Description

Logpoint can offer different positions based on your profile and interests. If you're a fast learner that thrive on constantly learning about new systems and technologies we have positions that will interest you. If you prefer to work on fewer things for longer periods of time we just might have the job for you.

We expect you to be flexible, a fast learner, ambitious and highly motivated by delivering outstanding products.

Job title depends on the experience of the applicants.

Requirements:

- At least 1+ year of enterprise level programming.
- Passion for programming
- Solid experience using Java or Python. Knowledge of additional programming languages is a plus.
- Knowledge of object-oriented design and development, design patterns
- Experience with server programming and socket programming and messaging libraries like zeromq
- Familiarity with regular expression, data formats like JSON
- Knowledge of algorithms and data structure, especially with relation to complex event processing, would be an advantage.
- Knowledge about performance and optimisation with relation to Java and Python services would be a plus.
- Familiarity with testing framework like JUnit, nosetests
- Familiarity with agile development practices like Scrum would be plus point
- Familiarity with version control systems like svn and git
- Master's Degree in Computer Science, Computer Engineering or related field will be preferred
- Ability to work under tight time constraints with dynamic requirements
- Strong analytical skills and the ability to pay careful attention to detail
- Capacity to work well in groups as well as independently.
- Interest in the security domain

Benefits:

- Attractive salary based on experience and qualifications
- Gratuity and provident fund schemes
- Working in a team environment where initiative and dedication is encouraged
- An equal opportunity workplace that values diversity and does not discriminate
- High level of responsibility and excellent career possibilities
- Open international work environment
- Festival expense allowance

- Medical and accident insurance
- Gymnasium/Fitness Membership
