Job Description

The Support and Solutions department is responsible for ensuring that LogPoint production farms are running smoothly and are maximally optimized. We do not only handle problems related to the applications but also work very closely with our customers from wide range of domains to integrate various systems and protocols with our world class SIEM.

Everyday, the department faces, tasks of integrating new technologies and protocols to LogPoint, optimizing the system performance, and understanding complex network setups to provide solutions that fit in well. Hence, if you have a clear understanding of network protocols, a good grasp of operating system concepts, you are good at programming and more importantly, if you think solving problems is exciting and learning new things is key to life, then we have an opportunity for you.

Moreover, our new colleagues should be inspired by complex and advanced technology, willing to work in a team-oriented environment and be motivated to solve a broad range of challenges. We are also looking forward to the individuals who have a track record of finding creative solutions to unique problems, and who will thrive in challenging situations.

Requirements:

- Should be energetic and dynamic
- Should have good knowledge of *nix OS, some concept on network security
- Should have good interpersonal skills, and excellent communication skills in English
- RHCE will be an added advantage
- Good communication, learning skills and effective team player
- Ability to work under tight time constraints with dynamic requirements
- Strong analytical skills and the ability to pay careful attention to detail
- Good knowledge on web vulnerabilities and security
- Capacity to work well in groups
- Knowledge about the subject area in which they are working

Benefits:

- Attractive salary based on experience and qualifications
 - Gratuity and provident fund schemes
 - Working in a team environment where initiative and dedication is encouraged
 - An equal opportunity workplace that values diversity and does not discriminate
 - High level of responsibility and excellent career possibilities
 - Open international work environment
 - Festival expense allowance
 - Medical and accident insurance
 - Gymnasium/Fitness Membership
-

Applying Procedure

Interested Candidates must apply to the relevant job with cover letter and detailed CV in English. Applications should be submitted directly through <https://www.workable.com/j/BEB8DCF677>

Note that for your application to be taken into consideration you must apply through the relevant link on the Logpoint careers website - applications submitted only through MeroJob will not be entertained.

Deadline for applying is **11th October, 2018**. Only candidates under serious consideration for a vacant position will be contacted for the selection process.
