### Job Description:

Are you a key member of the creative team responsible for developing communications campaigns?

Are you good at directing & organizing photo shoots, and supervising printing from concept to production?

This job demands a high degree of visual creativity and an eye for detail.

As a key member of the creative team, the candidate will be responsible for developing campaigns, directing/organizing photo shoots, and supervising campaigns from concept to production

### Job Specification:

- The candidate must be a graduate/post-graduate in commercial/graphic arts from one of the leading colleges/universities
- Candidates must have at least 5 – 7 years' experience in designing print campaigns including graphic arts in leading international agencies/companies that demonstrate conceptual clarity and the power to visualize
- Must have an authentic portfolio of great creative work of highest international quality
- Proven proficiency in graphic arts and latest design software are essential
- Advanced technical competence in the areas of pre-press and print production will be desirable
- Experience in working on a Mac-based platform will be a definite asset
- Interest and experience in the field of TV and radio production would be a definite advantage

***Candidates with international experience will be preferred.***

***Apply only if you are a graduate in commercial/graphic arts from one of the leading/recognized colleges with great creative work of highest international quality!***

### Applying Procedure

Interested candidates should apply within **30** days with complete CV giving details of their age, educational qualifications, experience and current & expected salary, clearly mentioning their contact address and telephone/mobile number to [joydeb.chakravarty@jwt.com](mailto:joydeb.chakravarty@jwt.com)
