### Job Description

Under the supervision of the Program Manager:

- Attend, monitor and check on daily basis WaSH activities at the site
- Prepare two-weeks and monthly reports, stating the nature of works, workers employment and materials consumed for each work as per the formats agreed with ASIA
- Supporting the Implementing Partner to draft the modifications of drawings and cost calculations, if required
- Inform ASIA for any variations in design and drawings
- Overview and verify work inspection documents including test results, if any, prior to submission to ASIA.
- Actively promote at field level the Occupational Health and Safety (OHS) aspects during construction supervision
- Report to ASIA any security issues or accident
- Carry out periodic meetings with all the stakeholders of the projects (e.g. Government Officers, Local WaSH Committee, Implementing Partner Representatives and beneficiaries) and report on them to ASIA
- Identify and propose adjustments related to any discrepancies that may arise related to drawings and water supply system construction
- Check on interim payment cash flow along with the implementing partners' representatives and ASIA Program Manager.
- Cross verify and tally the running bills of the WaSH partners with the actual work performed and standard BoQ, prior forwarding to the ASIA Program Manager
- Any other work assigned by the ASIA project coordination team that is relevant and within the ability of the WaSH Technician.

**Salary:** NPR 62,000 To 72,000 NPR (food, transport and accommodation and all taxes included) plus accident and health insurance paid by ASIA Office.
