Job Description

Diagonal technologies is looking for a full stack web developer to join our development team.

About you:

- Strong experience in building web apps using **Node.js** and/or **PHP (Laravel/Symfony)**.
- Strong knowledge of a front-end JS/Typescript library **(ReactJS/ Angular/VueJS).**
- Experience with Drupal is a huge plus (+)
- Experience with Linux based system, and docker is desirable.
- Preferably contribution to open source projects or shareable public repositories.
- Have at least 1 years of experience.
- Curious about new technologies.
- Have good communication skills with good command over English language.

We offer:

- Personal and professional growth opportunities
- Flexible working hours (given you meet the deadlines)
- Geographically distributed team
- Competitive salary (Please include expected salary on your application)
- Work from home (Unless required or asked to work on location).

P.S. This is a full-time position and not a freelancing position. You may work remotely from home.
